Payment Information

To avoid delays in the disbursement of grant funds, applicants must provide bank account information for a depository account with a valid bank routing number. If the bank information provided is for a prepaid debit card or similar payment medium, this bank information will be subject to manual review and confirmation before the funds are disbursed. (Please note, although these verification measures may slow down the disbursement of grant funds, they are necessary to ensure that your organization is the one receiving any grant funds awarded and that an application has not been submitted on your behalf without your knowledge.) If the bank information provided with the application has previously been designated as fraudulent, the grant application will be denied.

- **Will these funds be issued to me as a loan or a grant?**

A grant.

- **Do I have to repay these funds?**

No, unless it is determined the information contained within the application was false, fraudulent, or materially misleading or if it is determined that the funds were utilized for an impermissible use.

- **How much can I apply for?**

A Rural Hospital applicant may apply for and be awarded a grant equal to the amount shown in Appendix A.

- **How will the amount of the grant award be determined?**

Grant awards to eligible rural hospitals will be based on the number of licensed beds in each facility.
