

PROJECT INVENTORY

The State of Alabama's State' Fiscal Recovery Funds have been appropriated for the following purposes:

1. Responding to the Public Health Emergency:
 - a. Reimbursements to hospitals and nursing homes of eligible covid-related expenses;
 - b. Reimbursement of covid-related expenses incurred by public employee health plans;
 - c. Mental health supports of programming;
 - d. Telemedicine supports for hospitals; and,
 - e. Clinical trial access.
2. Responding to Negative Economic Impacts - Community-based programming to address needs of negatively impacted communities.
3. Infrastructure:
 - a. Broadband; and,
 - b. Water and wastewater projects throughout the state.
4. Response and Mitigation:
 - a. Covid-related administration needs of the State's Unemployment Insurance Fund; and,
 - b. Administrative costs of SFRF programming.

Please see Appendix for Budget, Obligations, and Expenditures for recipients participating in the following Alabama State Fiscal Recovery Fund programs.

Rehabilitation Services for Children, Homebound Individuals, Vocational Services, and Early Intervention:

The State of Alabama provided funds to assist the Alabama Department of Rehabilitation Services with alleviating the loss of or delay in receipt of health services due to the Covid-19 pandemic and improve and enhance health care and healthcare related services to infants, children and adults with disabilities.

Project Status: Completed less than 50%

Programming for Breast Cancer Diagnosis, Treatment and Research:

The State of Alabama provided funds to assist two nonprofit organizations in providing access to mobile diagnostic services as well as supports for treatment.

Project Status: Completed less than 50%

Mental Health Services:

The State of Alabama provided funds to assist the Alabama Department of Mental Health with expenses related to their provider agencies response to the Covid-19 pandemic as well as expenses related to the increase in patients requiring inpatient treatment.

Project Status: Completed less than 50%

Free Medical Clinics Support:

The State of Alabama provided funds to assist the Alabama Associate of Free and Charitable Clinics with providing additional access to healthcare including preventative care.

Project Status: Completed less than 50%

Use of Evidence

- The healthcare programs funded by the SFRF were administered, where appropriate, by allocating funds according to bed count or a pro rata distribution of funds available in each program. Other healthcare programs were intended to address a widely held need resulting from the Covid-19 pandemic, such as delayed diagnoses due to postponed diagnostic testing and/or lack of access to healthcare that resulted at the onset of the Covid-19 pandemic.

Performance Report

- Not applicable at this time

Appendix A

The 2nd Quarter Project and Expenditure Report, included below, is a comprehensive report of all activities and highlights the details of the above noted projects. This appendix is an integral part of the State of Alabama's Recovery Plan Performance Report.
